

The Fullex Exodus panic bar system is designed for use with the Fullex Pyroscape PAS24 multipoint lock in 35 or 45 mm backsets on Timber, Composite or PVCu doors.

The Pyroscape lock can be used with either lever/lever handles or with the Exodus panic bar system which is available as single push pad or full crash bar with the additional matching slave unit.

- Secured by Design
- Multipoint 3 deadbolt PAS23/24 security
- 304 Austenitic stainless steel faceplate
- Cycle tested to over 100,000 cycles
- Available with 16 and 20mm stainless steel faceplates in 35 and 45mm backset
- External handle option on both Exodus options

www.fullex-locks.com

The Exodus/Pyroscape system allows rapid exit from inside, whilst maintaining PAS24 security.

With external handle option and matched with Fullex ABC anti snap & anti bump cylinder system, Exodus is both practical and secure.
